

CBBF PHOTOGRAPHERS MEDIA PASS CONTRACT

It is the goal of the CBBF to see that all of our National events receive as much positive publicity as possible; however we reserve the right to control all images taken at said events.

Currently there are numerous websites throughout the Internet that post images of CBBF athletes taken at national events. The CBBF has not had an issue with this with the exception of those websites that have offered these images for resale and have posted numerous images of various athletes in fairly high resolution without a substantial watermark. This practice currently conflicts with the CBBF'S media policy. Therefore to qualify for a Media pass to any CBBF National event each photographer must complete and fill out the following contract.

CBBF CRITERIA TO OBTAIN PHOTO PASS FOR CBBF NATIONAL EVENTS

1. Maximum posting on any websites of only five images of each athlete.
2. Photo size no larger or higher resolution than those posted on the CBBF website.
3. Photographers watermark must be posted throughout the middle of the posted image.
4. Other content of the website must be of a positive nature (no nudity, pornographic or any other images that may not be tasteful or promote a positive image for the CBBF.
5. This is a CBBF event and all images taken at the event are property of the CBBF. Use other than for fitness publications or personal websites is prohibited.
6. Promotion of rival organizations and its athletes on the same websites are prohibited.

Please complete and return to:
